

OUR GRASSROOTS NETWORK IS THE SOLUTION

Canada and the rest of the world are under siege from Non-Elected Foreign Actors, and Influencers, with the goal to force upon us a Globalist Tyrannical agenda of Control which will result in the loss of our freedoms.

A Mission with A VISION

We are re-building the bridge between the People of Canada and their Elected Representatives.

No matter whether they are Federal, Provincial, Municipal, City, Town, or School Boards, these Elected Representatives will be Accountable, Accessible, Transparent and Loyal to their Constituents first.

Our Community Accountability Transparency Councils (CATCS)

Our "Community Accountability Transparency Council" (CATCS) Initiative is not Built on Promises, Our Initiative is Built on Levels of Achievements.

1. Build a National Network to provide a solid foundation of information, resources, strategies, and assistance to build the local CATCS councils.
2. Develop a grassroots model of growing local neighbourhood volunteer groups to implement the CATCS strategies.
3. Initiate engagement meetings with local groups and offer the framework which will form the path to achievement in all Ridings, Constituencies, Municipalities, Cities, Towns, and School Districts.
4. The CATCS Call to Action, build dynamic influential relationships between CATCS groups and their Elected Representatives incorporating Strength In Numbers.

The Coast to Coast Network will be our strength, the local grassroots communities will be Proactively and Peacefully working with the Elected Representative to take back our Freedoms, so our Families, Friends, Neighbours, and Future Generations can Thrive.
